APPENDIX

P36

Financial Results and Initiatives for August 2021 (19th) Period

Strong DPU Growth and Active ESG Initiatives

Strong DPU growth

- Aug. 2021 period Actual DPU is **+13.0% vs initial forecast in Apr. 2021, 3,048yen**
- Feb. 2022 period Forecasted DPU is **+3.3% vs the Apr. 2021 forecast, 2,748yen,**

External growth through timely public offering

- **Acquisition of 4 new properties for a total of 49.3 billion yen through a timely public offering**
- The first **Accelerated Global Offering (AGO)¹** among J-REITs

Asset disposition through capturing market trend

- **Successfully distributed unrealized gain²** through the sale of GLP Okegawa at a price significantly higher than the appraisal value

Strong internal growth

- **Achieved a strong rent increase of 5.8%, continuing strong internal growth**
- **Secured 80%** of the lease maturing in Feb. 2022 Period

Value-add initiatives by GLP Group Expertise

- **Achieved significant rent increases leveraging cold storage facility**
- **Consideration of redevelopment strategies to enhance value** of owned properties

Active ESG initiatives

- Received the **top score among logistics J-REITs** in GRESB 2021. **Awarded the highest 5 Star rating and selected as global sector leader**
- **Issued Reward-type Sustainability Linked Bonds(SLB) for the first time in the global public bonds market**
- **Expressed support for the TCFD³ recommendations and joined the TCFD consortium**

Financial Results for August 2021 (19th) Period

Aug. 2021 Period: Results vs. Forecast in Apr. 2021

- DPU exceeded initial forecast by 13.0% through public offering and asset disposition

	Aug. 2021 Forecast (in Apr.2021)	Aug. 2021 Actual	Differences
DPU	2,697 yen	3,048 yen	+13.0%
NOI	18.5 bn yen	18.9 bn yen	+2.1%
Gain on asset sale	—	1.1bn yen	—
Average Occupancy Rate¹	99.0%	99.1%	—
LTV	44.5%	44.1%	—

Financial Results for August 2021 (19th) Period

Aug. 2021 Period: DPU Growth vs. Initial Forecast in Oct. 2020

- DPU for the Aug. 2021 period exceeded initial forecast announced in Oct. 2020 by 17.5% as a result of two times public offerings and asset disposition

Financial Results for August 2021 (19th) Period

Achieving Strong DPU Growth

■ Dividends per units steadily increased through implementation of growth strategies

Change in YoY DPU growth since IPO¹

Financial Results for August 2021 (19th) Period

Earning Forecasts: Feb. 2022 and Aug. 2022 Period

- Forecasted DPU for the fiscal year ending February 2022 was revised upward to 2,748 yen due to increased average occupancy rate and the public offering in June 2021.

	Initial Forecast (in Apr. 2021)	Feb. 2022 Forecast (This time)	Aug. 2022 Forecast (This time)
DPU	2,659yen	2,748yen	2,703yen
NOI	18.3bn yen	19.5bn yen	19.4bn yen
Average Occupancy Rate	98.0%	99.0%	97.0%
LTV	44.6%	44.2%	44.4%

DPU Forecast for February 2022 (20th) Period

Feb. 2022 Period: DPU Growth vs. Initial Forecast in Apr. 2021

- DPU forecast for Feb. 2022 period is expected to exceed initial forecast in April 2021 by 3.3% due to solid internal growth and external growth

DPU Growth Driven by Solid Growth Strategy

Achieved steady growth driven by three drivers

Initiatives for August 2021 (19th) Period

External Growth in a timely manner

- Acquired 4 properties for a total of 49.3 billion yen with the 9th public offering in June 2021
- Minimized unit price fluctuation through timely implementation of accelerated offering formats (ABB¹ / AGO) and market trend analysis

9th public offering (launched on June 25, 2021)

Total acquisition price

49.3 bn yen

Offering size

26.7 bn yen²

Average NOI yield³

4.4%

Occupancy rate

99.8%

Acquired properties

GLP Zama

GLP Niiza

GLP Sayama Hidaka I

GLP Rokko IV

Background of accelerated offerings

- Gauged the market environment through investor dialog and market research
- Minimized price fluctuation risk through accelerated offerings (ABB / AGO)

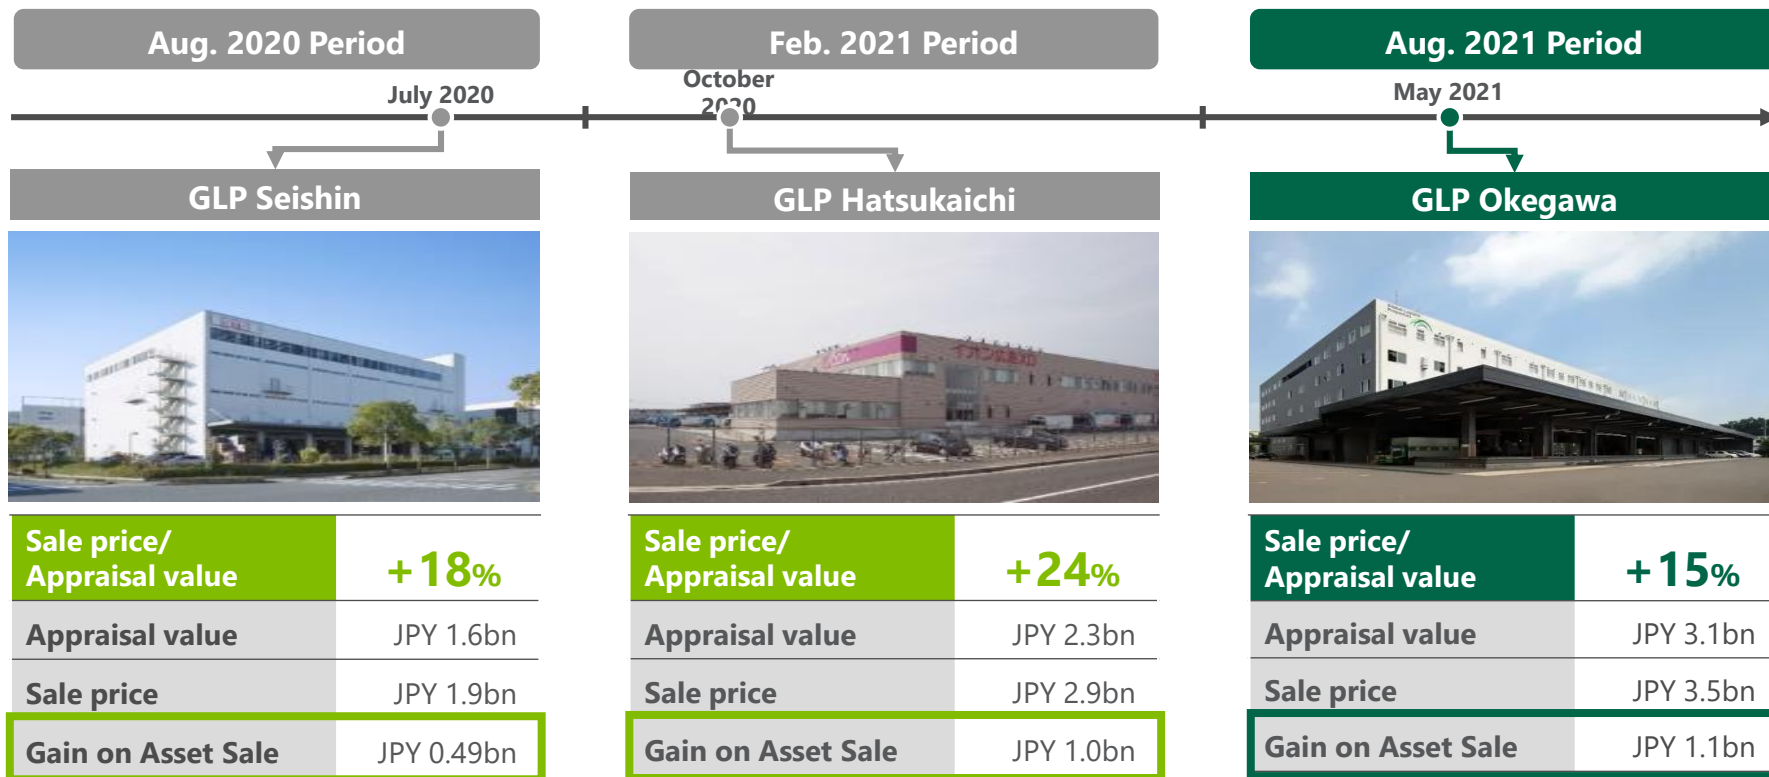

Initiatives for August 2021 (19th) Period

Asset Disposition Through Capturing Market Trend

- Disposed assets with the price higher than appraisal value for 3 consecutive fiscal periods through capturing robust demand for logistics facilities under COVID-19 pandemic
- Aim for further unitholder return with profit gained through timely asset disposition

I Latest Asset Dispositions

Achieved Strong Internal Growth

- Strong rent increase of 5.8% leveraging in-house leasing team
- Continued rent increase for the 18th consecutive period since the listing, achieving average rent increase of 4.6% in the last 3 years

Highlight of Leasing Activity for August 2021 Period

Renewal contract¹

- #of renewal contract

17

- Renewal contract area

Approx.

320K sqm

Rent Increase²

- Upward revision only

+ 7.1%

- All leases matured in this period

+ 5.8%

3 Years (6 fiscal periods) Average Annual Rent Increase

- All leases matured in the period

+ 4.6%

1. In the August 2021 period, the contract renewal area of approximately 320K sqm is approximately 10% of the total leased area, and the rate of increase revision in rent revision is 80%, and the rate of revision with the same amount is 20%.
2. Rent increase is calculated based on only warehouse area for multi type properties, while for BTS type properties, it is calculated based on total leasable area

Establishment of two credit lines

- Two credit lines were signed bilaterally between SMBC, MUFG Bank and Mizuho Bank as a new financing method to adapt to environmental changes and to build a solid financial base
- Increased funding ability for various events

Overview of credit lines

	Credit Line 1	Credit Line 2
Maximum amount (total)	JPY 40bn	JPY 15bn
Use of funds	Property acquisition	Refinancing, Disaster repairs ¹
Lending format	Uncommitted	Committed

Various events that can be handled with the credit lines

Timely and quick
property acquisitions

Refinancing when
lending capacity
declines

Property damage due to
large-scale natural
disaster

(Entire Project GFA: 320K sqm)

Continuing Strong Internal Growth

- 80% of the lease maturing during Feb. 2022 period is expected to be secured, with estimated, with estimated rent increase of 4-5%.

Expected Leases in Feb. 2022 period (Leases to be matured in the period)

Assumptions for Renewal Contracts

- # of renewal contract

17

- Renewal contract area¹
Approx.

300K sqm

Estimated ratio of the leases to be secured as of 13 Oct. 2021²

Approx.

80%

Estimated Rent Increase

- All leases maturing
in the period

+4~5%

1. The assumed contract renewal area of approximately 300K sqm in the fiscal year ending February 2022 will be approximately 9% of the total leased area.
2. Estimated ratio of renewal and replacement leases refers to the percentage of leased area for which new contracts have been concluded or agreed to be concluded (including a lease agreement that the Asset Management Company believes is under discussion for the conclusion of a new agreement and that an agreement can be reached) out of the leased area for which the contract term expires in the fiscal period ended February 2022.

Initiatives for Further Growth

Noteworthy Cases of Rent Increase

- GLP J-REIT has leveraged its strong tenant relationships and the advantage of prime logistics locations to achieve significant rent increases

GLP Yokohama

Tenant industry	3PL
Primary cargo	EC
Rent increase	+13.6%

- Located near Yokohama areas, **making the property ideal for delivery to densely populated areas**
- **Captured strong tenant needs from a close EC company looking for a delivery base that is rarely newly developed.**
- **Realized large rent increase** by matching the above demand with the reduced space of existing tenants (**Continuous use space of existing tenants also increased by 17.6%**)

GLP Tokyo

Tenant industry	3PL
Primary cargo	Precision devices
Rent increase	+6.6%

- **Located in the bay area near the airport.** Existing tenants extremely evaluate the **high delivery efficiency**
- **Achieved the largest rent increase** for the tenant since the start of their occupancy in 2004, by **leveraging the location where new supply is limited** and by **bringing the rent gap**

Initiatives for Further Growth

Value Creation leveraging GLP Group Expertise

- Focusing on growing demand for cold storage, GLP leased cold storage space to a successor tenant, achieving a significant rent increase
- Identifying prepare for redevelopment with upside potential leveraging by GLP's expertise

Rent increase of cold storage facility

- Focusing on GLP Zama's proximity to consumption areas, and the growing demand for cold storage, **negotiated with a vacating tenant to purchase their cold storage facility**
- Leveraging GLP Group's expertise in both tenant leasing and quick facility maintenance, **succeeded in attracting a successor tenant with no downtime**
- **Achieving about 50% rent increase for the cold storage area compared to the previous contract**

GLP Zama

Cold storage space

Redevelopment potential

- The properties for future redevelopment based on a comprehensive factors including low floor-area-ratio
- A total of **5 properties** (total land area of **100K sqm**) were chosen as candidates

- Improved profitability through high floor area ratios
- High competitiveness through improved specifications
- Consideration for the environment

Summary of GLP Group ESG Initiatives

- In March 2021, GLP Group launched a task force to promote ESG initiatives in each area

Leasing

- **Achieving 100% in the rate of green lease contracts** by 2023 to collaborate with tenants to collect environmental data and improve performance

Finance

- **First issuer¹ of reward-type² sustainability linked bonds(SLB)** in the public bond market

ESG DD

- **Implement an ESG due diligence checklists** to check the level of impact on ESG when investing

Operations

- **Introduce a new system** for centrally and efficiently recording utilities data
- Control of energy usage and CO₂ emission data

Asset management

- **Become a supporter of the Task Force on Climate-Related Financial Disclosures (TCFD)**
- In August 2021, GLP J-REIT acquired environmental certification for 5 properties, increasing the **ratio of its portfolio with environmental certification to 67%**. Aim for **80%** by 2024

ESG Initiatives: High Rating in GRESB 2021

- Received the top score among logistics J-REITs, rated “5 Star” for the second consecutive year in the 2021 GRESB Real Estate Assessment
- Selected as “Global Sector Leader” in the listed logistics real estate sector and “Regional Sector Leader” in the listed and unlisted logistics real estate sector

GRESB Initiatives

■ Received the highest rating of “5 Star” GRESB Rating in 2021

■ Ranked #1 among 34 companies in the global listed logistics real estate sector, and #1 among 9 logistics J-REITs

■ Selected as “Global Sector Leader” in the listed logistics real estate sector

■ Selected as “Regional Sector Leader” in the listed and unlisted logistics real estate sector

ESG Target (1)

- Include **green lease clauses** in all new contracts and add green lease clauses to all contracts, including existing contracts, in 2023
 - Contracts concluded in the fiscal year ended August 2021 were all green lease contracts

ESG Target (2)

- **Acquire environmental certification** for at least 80% of the portfolio based on gross floor area by 2024
 - In August 2021, 5 new properties acquired environmental certification, raising GLP J-REIT’s percentage of certified properties to 67%

ESG Target (3)

- Achieve **100% data coverage** for managed properties in 2021
 - Achieved a 100% data coverage rate for properties with management authority in the collection of electricity, water, and waste data

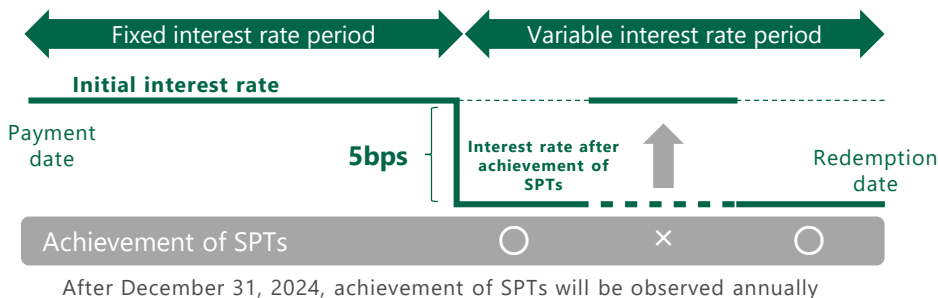

Initiatives for Further Growth

ESG Initiatives: Sustainability-Linked Bonds(SLB)

- GLP J-REIT became the world's first issuer of interest rate reward-type SLB in the public bond market, continuing to be the largest ESG bond issuer among 62 J-REITs
- Expanding the investor base through ESG active investor, with Dai-ichi Life Group, and enjoying Greenium¹ with ESG bonds

Overview of sustainability-linked bonds

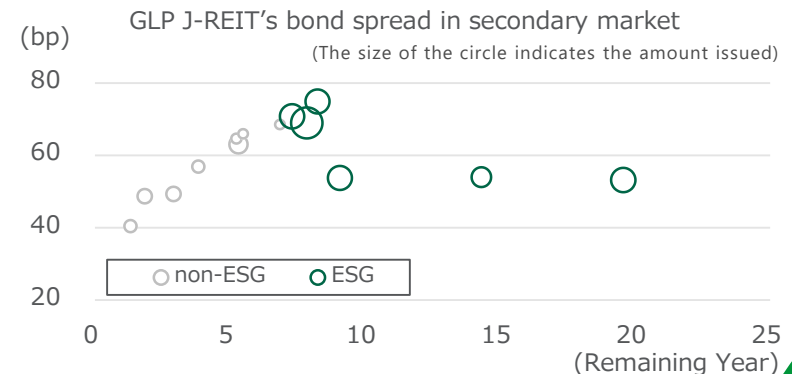

Name	18th unsecured investment corporation bonds (sustainability-linked bonds)
Issue date	September 28, 2021
Issue amount / maturity	¥6.0bn / 7 years
SPTs²	Sustainability Performance Targets: <ul style="list-style-type: none"> ■ SPTs are short for Sustainable Performance Targets and are ESG-related issuer targets. ■ High-ranking environmental certification³ for at least 80% of the portfolio (based on gross floor area)
Interest rate	Initial interest rate: 0.284% Interest rate after achievement of SPTs: 0.234% (▲0.05% from initial interest rate)

Outstanding ESG bond balances (top 10 J-REITs)⁴

Comparison of ESG and non-ESG JGB spreads⁵

Initiatives for Further Growth

ESG Initiatives

- Became a TCFD supporter to identify and disclose the climate-related risks and opportunities
- Contributing to local communities through cooperation agreements on disaster management and the donations to local governments

Become a TCFD supporter

- Promoted initiatives such as LED and solar panels installation to address climate change
- Became a TCFD supporter and joined the TCFD Consortium to further promote initiatives for a low carbon society

Cooperation agreements with local government

- Concluded an agreement with Sugito Town to provide GLP Sugito II as an evacuation site in the event of flooding
- Concluded cooperation agreements on disaster management with four local governments, and plan to contribute to the local community through agreements.

GLP Sugito II

Donations to local governments

- GLP Japan Advisors makes tax-deductible donations to local governments where GLP J-REIT properties is located
- Contribution to local communities through these donations to businesses working to promote employment, etc.

A meeting with Yokohama City, recipient of donations

Japan Logistics Real Estate Market

Strong Demand Continues

- Record-high level of supply continues to be absorbed by robust demand, resulting in vacancy rate of logistics facilities maintaining the lowest rate

Japan Logistics Real Estate Market Fundamentals

Demand Background-1

- Even the mass supply in 2021, leasing is progressing steadily driven by solid demand
- Modern logistics facilities still account for only 5.8% of the total logistics facilities in Japan

Leasing for properties supplied in 2021

Scarcity of Modern Logistics Facilities in Japan

Demand Background-2

- EC market is expanding over 10% annually and is expected to exceed JPY 25tn by 2025
- Ratio of households using online shopping accelerated in 2020 driven by the increased consumption demand under COVID-19 pandemic

EC Market Growth in Japan¹

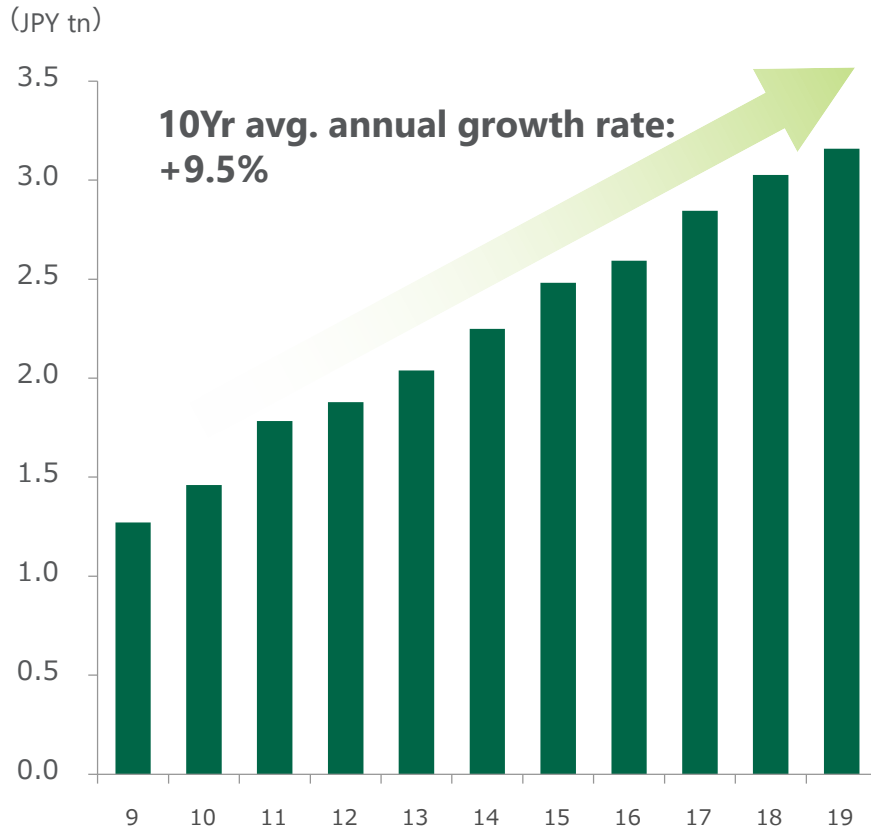

Ratio of Households Using Online Shopping²

Demand Background-3

- Trend of outsourcing logistics functions to 3PLs for further efficiency have helped expanding the market
- Tenant base expanded due to the penetration of modern logistics facilities

3PL Market Growth

GLP Japan's Top 10 Tenant Base (as of Sep. 2021)

	Tenant	Type
1	Hitachi Transport System, Ltd.	3PL
2	Amazon Japan G.K.	EC
3	ASKUL Corporation	EC
4	Rakuten Group, Inc.	EC
5	NIPPON EXPRESS CO., LTD.	3PL

CHARACTERISTICS OF GLP J-REIT

Summary of Growth Strategy

Proven track record of robust growth under solid logistics real estate market fundamentals

Inclusion in MSCI Global Standard Indexes¹

Innovative measures such as ABB and AGO in public offering

One of the largest AUM Among logistics J-REITs

External growth

Utilization of rich pipeline for external growth

Internal growth

NOI growth through continuous rent increase by utilizing capabilities of GLP Group

Finance/ESG

Maintain financial strength

Promotion of ESG initiatives through leveraging global capabilities

Asset Sale

Aim to boost distributions to unitholders through the return of disposition profit

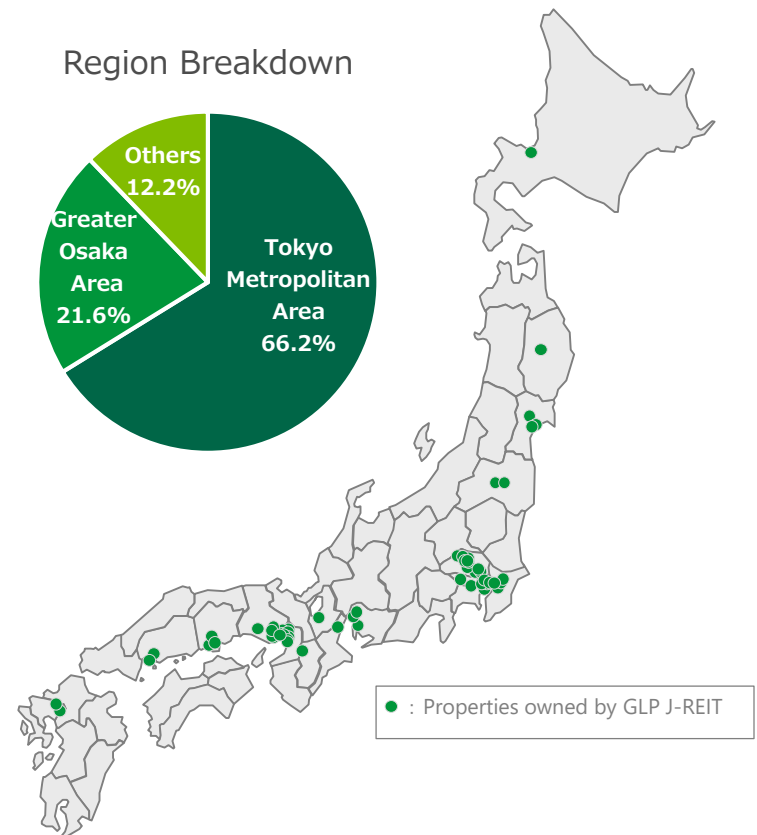

Aim to maximize unitholder value through robust growth and stability

Top-tier AUM among the Logistics J-REITs

- Top-tier AUM among the Logistics J-REITs, investing in modern logistics facilities
- Owns the largest number of properties among the logistics J-REITs, throughout Japan, mainly in Tokyo Metropolitan & Greater Osaka areas where demand is robust

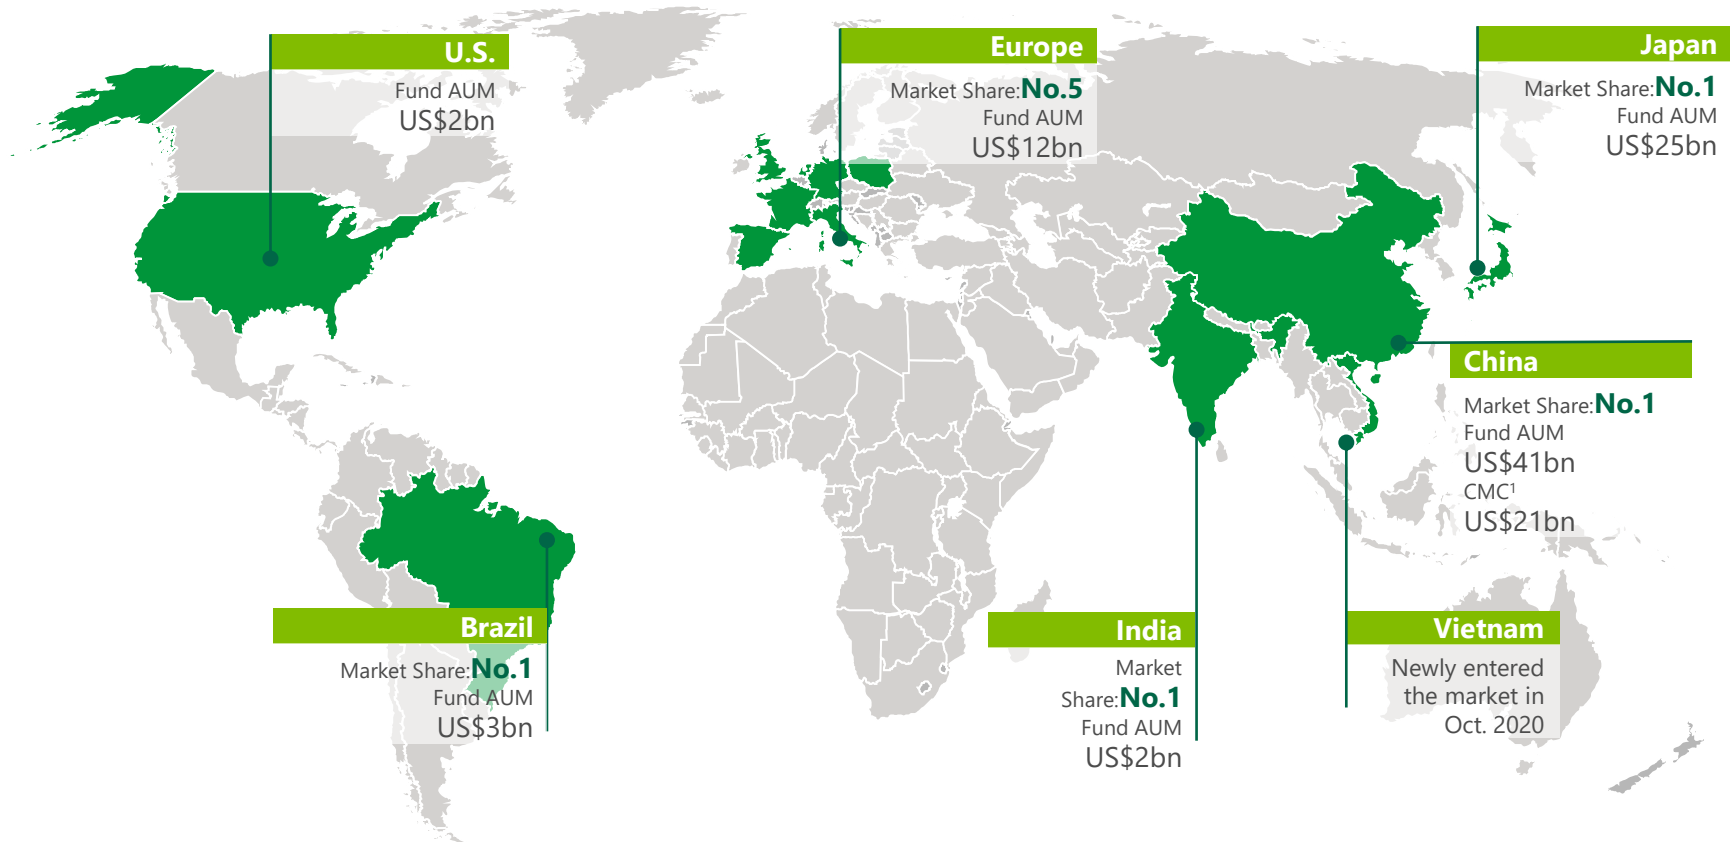

Assets	AUM
86 properties	788 bn yen

No. of Tenants	Occupancy Rate
169	99.1%

GLP's Global Network

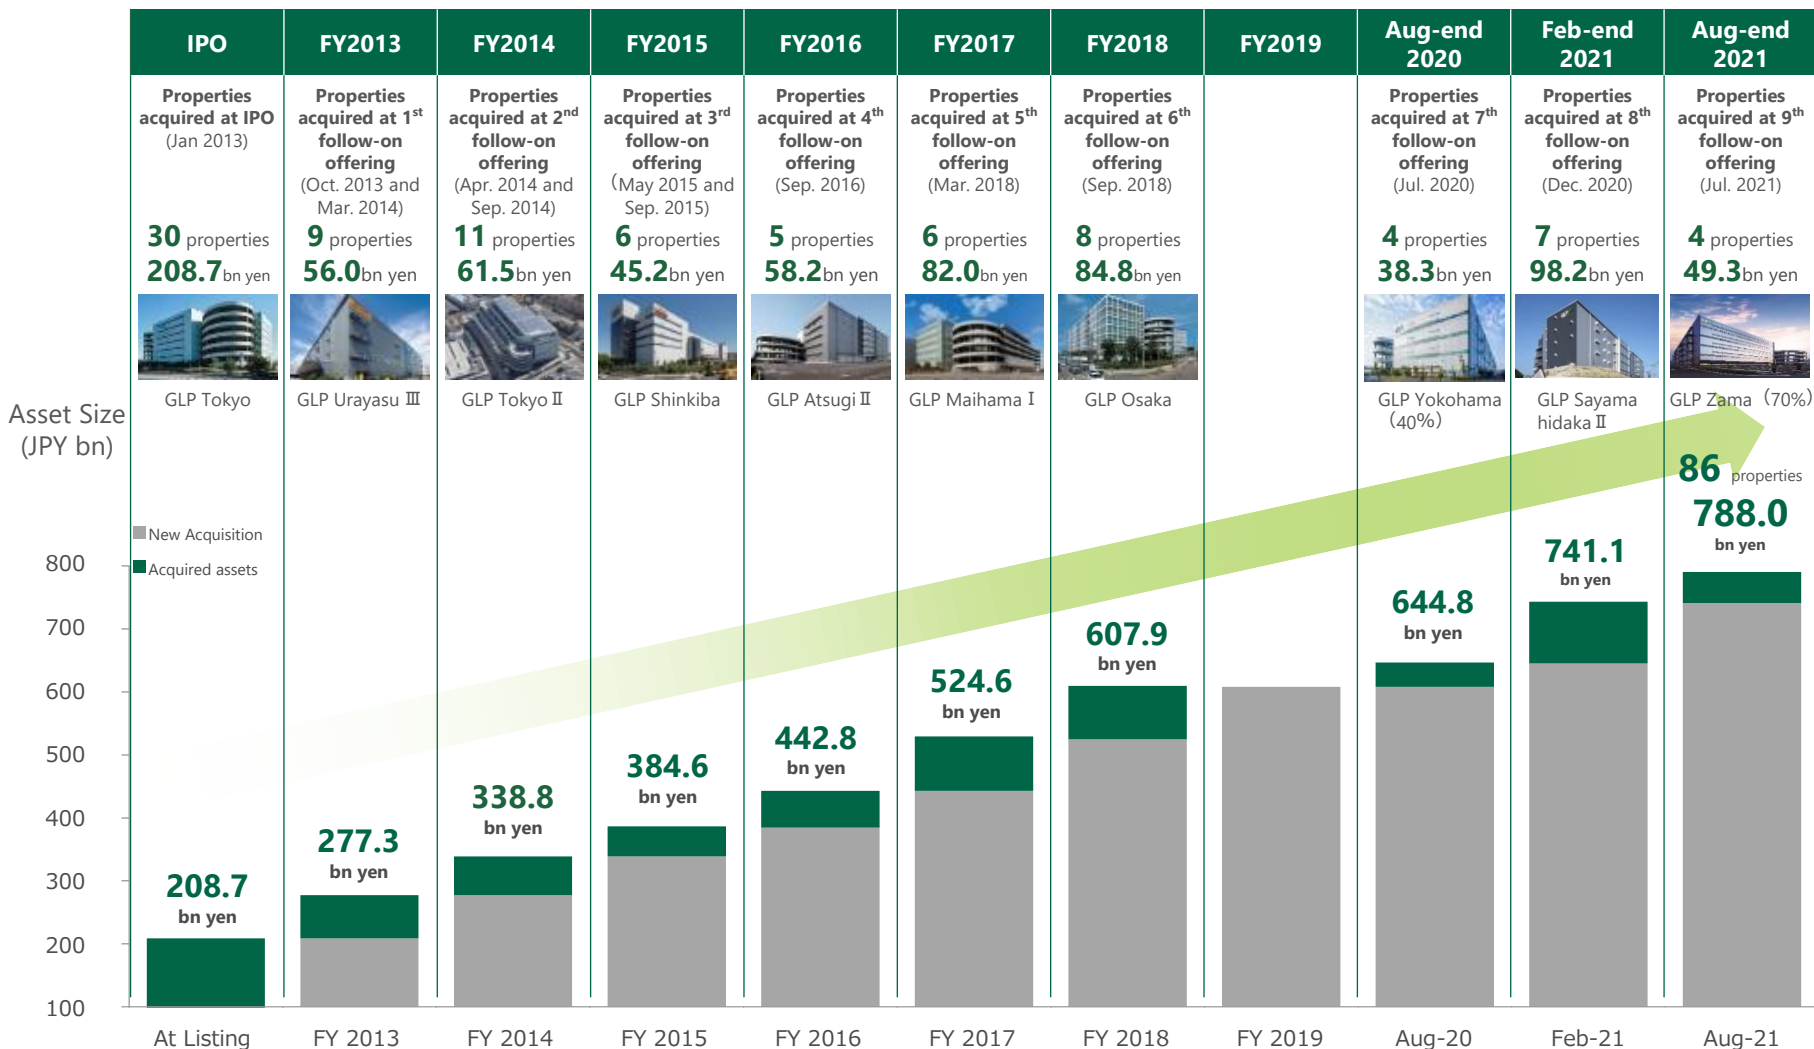

- GLP Group currently operates in 17 nations including Japan, China, Brazil, Europe, India, U.S. and Vietnam with more than US\$100bn and approx. GFA 69mm sqm in AUM

Source: GLP Japan as of Mar-end 2021

1. China Merchants Capital (CMC) is a strategic joint ventured formed between GLP and China Merchants Group (CMG). CMC is a private equity arm of CMG and strategically invests in infrastructure, financial assets and private equity.

Expanding Portfolio through Solid Sponsor Support

Characteristics of GLP J-REIT

Diversified Debt Maturity¹

- Further strengthened stable financial base through long-term refinancing in September 2021
- Implementation of advanced initiatives such as the issuance of the world's first reward-based sustainability-linked bonds

Credit Rating (JCR)
AA (Stable)

LTV
(basis for total asset)

Voices from tenants of GLP ALFALINK Sagamihara

We have launched an EC logistics base as a new challenge in addition to conventional B-to-B logistics. **The presence of Sagawa Express terminal was a major motivation.**

We handle a lot of packages from EC companies. We decided to move into Sagamihara because **we thought we could drastically shorten the transportation and delivery operations.**

ESG Initiatives – Environment -

Green Lease¹ Contracts: 100% in Aug. 2021 period

Rate of Green Leases

100%

(Signed in Aug. 2021 period)

- All fixed-term leases signed in Aug. 2021 period met Green Lease Requirements
- Enhancement of cooperation with tenants in environmental action

Received BELS and ZEB Certification

- GLP Kawajima, GLP Sayama Hidaka II, GLP Kashiwa II, GLP Rokko III has received a five-star rating, the highest rating of BELS, and has also received a “ZEB Ready” certification

Participation in TCFD

- GLP J-REIT has promoted initiatives such as LED and solar panels installation to address climate change
- It has now become a TCFD supporter and joined the TCFD Consortium to further promote initiatives for a low carbon society

1. “Green lease” is a contract or memorandum of understanding between a building owner and a tenant to reduce the environmental impact of real estate, such as energy conservation and improve working environment.

GRESB Real Estate Assessment

- Received the highest rating of “5 Star” GRESB Rating in 2021
- Selected as “Global Sector Leader” in the listed logistics real estate sector

CASBEE Certification

- Acquired “CASBEE Real Estate Valuation Certification” for 29 properties and “CASBEE for Buildings (New Construction) Certification” for 2 properties

Activities in Japan by GLP Group

Picking up trash at the coast

- Hosted beach clean-up volunteer event in Kanagawa

Sports events

- Hosted bouldering events for children in foster homes

Delivering children's books

- Delivered Japanese books with translation stickers to children in foreign countries

Activities abroad

Founded GLP Hope School and Provided educational opportunity

- Since its inception in 2006, GLP has funded 14 schools benefitting ca. 10,000 students.

Initiatives at Properties Owned by GLP Group

Initiatives to ensure safety

- The GLP Group makes efforts to provide buildings and services that ensure the safety of tenant companies and facility users
- It also contributes to companies' BCP by ensuring the safety of the stored cargo and the employees of tenant firms

Seismic isolation structure

24-hour security

Evacuation center

- The GLP Group has entered into agreements with many local governments to use its logistics facilities as restoration support centers and evacuation sites at times of disaster or emergency, due to their earthquake resistance, location, relationship with the local area, backup power supply, groundwater supply facilities etc.

GLP Atsugi II

GLP Yokohama

Contribution to local communities

- GLP Group contributes to the surrounding environment and community of its facilities by actively working on greening projects as well as volunteering at and hosting enjoyable events for the community

Planting trees

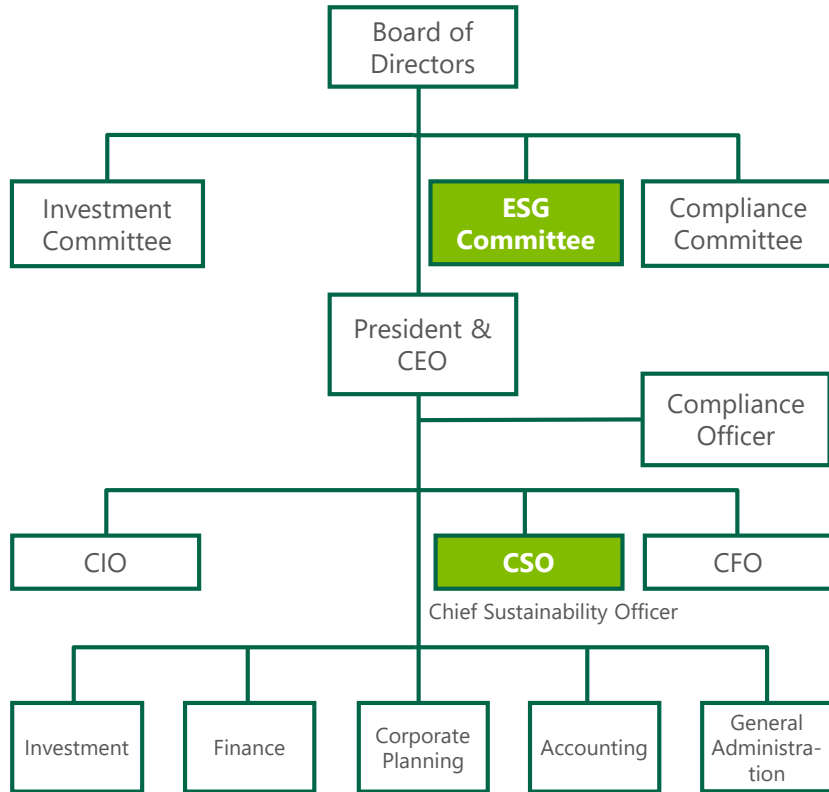

Photocatalytic pavement

ESG Initiatives -Governance-

Asset Manager Organization Chart

- Newly established ESG Committee in April 2021 and appointed a Chief Sustainability Officer (CSO) to further promote sustainability initiatives

ESOP for Officers and Employees of GLP Japan

- Established ESOP for officers and employees of the sponsor and asset manager to further align interest with unitholders

Proven Track Record: NAV¹ Per Unit

1. Per unit is calculated based on "(net assets – dividend + unrealized gains based on appraisal at the end of each fiscal period) the number of units of investment issued"

Overview of OTA scheme

Reduction of acquisition price

Reducing the acquisition price	The asking price for an asset is calculated based on the revenue expected to be gained by Bridge SPCs and reasonable costs necessary to operate Bridge SPCs. The acquisition price is expected to be generally reduced in proportion to the length of Bridge SPC's ownership period
Optimizing	Can control the timing and number of assets to acquire during the period of exclusivity, having the option not to acquire.
Other	The buyer of assets is GLP J-REIT or any other entity designated by GLP Japan Advisors Inc. (including its successor Bridge SPCs ¹)

Bridge Properties

GLP Joso

GLP Yasu

GLP Kitamoto

GLP Amagasaki III

Obtained exclusivity

Suzuka Property²

GLP Okinawa - Urasoe²

1. A successor Bridge SPCs refer to SPCs with which GLPJA has RoFL over their owned assets.
 2. Regarding the Suzuka property (tentative name), the existing building has already been added into the bridge scheme, and the extension building will be added after completion. In addition, GLP Okinawa Urasoe will be included in the bridge scheme after completion.

Efficient Cash Pay Out through OPD Scheme

(Aug. 2021 results)

1. Dividends include unappropriated retained earnings from the previous period.

Unitholder Composition

(As of Aug-end 2021)

Unitholders Composition¹

(units)

NOTES

P4

1. "AGO" refers to an offering of securities targeting both domestic and overseas investors with a short book build period (Accelerated book building) to determine the terms and conditions of the offering on the same day or within few days from announcement.
2. "Unrealized gain" means the difference between the appraisal value and the book value. The same applies below.
3. "TCFD" is the "Task Force on Climate-related Financial Information Disclosure" established by the Financial Stability Board (FSB) at the request of the G20 to consider the response of climate-related information disclosure and financial institutions. Climate-related Financial Disclosures", and encourages companies to disclose information on climate change-related risks.
4. The results of the 2021 GRESB Real Estate Assessment were added on October 15, 2021, following the release of the 2021 GRESB Real Estate Assessment. The same applies below.

P11

1. "ABB offering" refers to an international offering of securities targeting only overseas investors with a short book build period (Accelerated book building) to determine the terms and conditions of the offering on the same day or within few days from announcement.
2. Includes the domestic and global public offering as well as issuance of new investment units through third-party allotment
3. The "Average NOI Yield" is calculated by dividing the operating net income on the evaluation by the direct return method in the real estate appraisal report with the end of April 2021 as the price point by the acquisition price

P16

1. GFA of GLP Zama is the total GFA of the entire building.
2. Suzuka property is tentative name.
3. Sponsor pipeline (or pipeline) refers to a pipeline consisting of properties held by GLP Group itself or via GLP Fund managed and operated by GLP Group or properties to be developed, managed and operated by GLP Group itself or via GLP Fund on land held by GLP Group itself or via GLP Fund as a site suitable for logistics facilities
4. Occupancy rate is calculated in the warehouse area as of the end of September 2021.

P22

1. Greenium is an economic advantage for issuers, such as low interest rates, large issuance amounts, and long maturities, compared to general bonds.
2. SPTs are short for Sustainable Performance Targets and are ESG-related issuer targets.
3. High-ranking environmental certification refers to at least ★★ (DBJ Green Building certification), B+ (CASBEE), 3 stars (BELS), or silver (LEED)
4. As of Sep-end, 2021. Created by the Asset Manager based on company disclosures
5. The size of the bubble represents the amount of issuance. Created by the Asset Management Company based on trading reference statistics.

P25

1. Based on data for leasable logistics facilities nationwide with 5,000 sqm or more of gross floor area.
2. Vacancy rates are calculated based on leasable space as of December 31.
3. New supply data show leasable space of newly constructed leasable logistics facilities. New supply in 2021 is forecasts as of December 31, 2020.
4. Net absorption data show changes in leased space. Net absorption for each year is calculated as the newly leased space for such year less leasable space that lost tenants for such year. Net absorptions in 2021 is forecasts as of December 31, 2020, based on CBRE's estimate of leased area as determined to be leased among the new supply in 2021.

P26

1. Modern logistics facilities: Leasable logistics facilities with 10,000 sqm or more of gross floor area with functional design.
2. Mid-and large-size: Leasable logistics facilities with 5,000 sqm or more of gross floor area.
3. Estimated by CBRE using the Survey of the Outline of Fixed Asset Prices as well as the Yearbook of Construction Statistics.

NOTES

P27

1. Source: Ministry of Economy, Trade and Industry "International Economic Research Project (Market Survey on Electronic Commerce) Report on Construction of Economic Growth Strategy for the First Year of the Order" (July 2020), forecast value is Co., Ltd. Created by the Asset Management Company based on Nomura Research Institute "IT Navigator 2021 Edition" (December 2020). "Market size" is the aggregate of the market size of consumer electronic commerce (EC) in Japan (excluding forecast values).
2. Source: Created by the Asset Management Company based on the Ministry of Internal Affairs and Communications "Status of Expenditure Using the Internet" (Monthly results after 2017 (households of two or more people)).

P33

1. FY runs from April 1 till March 31 in the following year
2. All prices are based on acquisition price
3. 13 solar panels (4.9 bn yen) acquired on March 1, 2018 as 5th public offering are included in the acquisition price and asset size

P37-38

1. "Occupancy" for the end of the fiscal periods is calculated by dividing total leased area for each property by the total leasable area at the end of every month, "Avg. occupancy" is calculated by rounding off the average occupancy as of the end of each month. However, "Occupancy" and "Avg. occupancy" are rounded down to the first decimal place and described as 99.9% when they become 100.0% as a result of being rounded

P40

1. "Avg. Rent Level" is the weighted average of monthly rent by leased area of properties with valid contract as of the end of September 2021 and figures are rounded down to nearest one yen.
2. WALE (Weighted average lease expiry) as of the end of September 2021

P50-52

1. As for the acquisition price of the properties installed with solar panels acquired on March 1, 2018 via 5th follow-on offering, the acquisition price of the property added with the acquisition price of the solar panel is indicated
2. "Occupancy" is calculated by dividing total leased area for each property by the total leasable area, rounded to the first decimal place. However when it may result in 100.0% after rounding, the figure is rounded down to the first decimal place and shown as 99.9%
3. GLP-MFLP Ichikawa Shiohama is a property under joint co-ownership which GLP-JREIT holds 50% beneficiary right of real estate in trust. "Leasable area" and "Leased area" stated above are computed by multiplying 50% of the joint co-ownership ratio.
4. GLP Zama is a property under joint co-ownership which GLP-JREIT holds 70% beneficiary right of real estate in trust. "Leasable area" and "Leased area" stated above are computed by multiplying 70% of the joint co-ownership ratio.

P53-56

1. "Appraisal value" represents the appraisal value or research price as set forth on the relevant review reports by real estate.
2. GLP-MFLP Ichikawa Shiohama is a property under joint co-ownership which GLP-JREIT holds 50% beneficiary right of real estate in trust. "Leasable area" and "Leased area" stated above are computed by multiplying 50% of the joint co-ownership ratio.
3. GLP Zama is a property under joint co-ownership which GLP-JREIT holds 70% beneficiary right of real estate in trust. "Leasable area" and "Leased area" stated above are computed by multiplying 70% of the joint co-ownership ratio.
